Goldstein Law Group

Goldstein Law Group is on a mission. Its goal is the pursuit of excellence in exceeding client expectations, supporting the diversity and talent within the firm, and actively pursue community volunteer opportunities. To that end, the AV-rated, civil law firm concentrating on auto, property and health insurance fraud seeks to investigate, litigate and eliminate insurance fraud using innovative techniques to recover money for our clients and discourage the proliferation of fraudulent claims.

If successful, Goldstein Law Group can help clients recover millions of dollars in fraudulently-obtained claims. It's been the mission since 2001, when Frank S. Goldstein opened the doors of what would become, with the help of eager and astute attorneys, a firm known for innovative investigative techniques and litigation strategies at a nationally acclaimed insurance fraud fighting firm.

Tied to its community, Goldstein Law Group supports area organizations, including The Pantry of Broward, Honor Flight South Florida, Habitat for Humanity and other charitable groups.
